Mark Norman - New TRB Director of Development & Strategic Initiatives

May 2015
Dr. Ann Brach – New Director of TRB’s Technical Activities Division
Increase the value that sponsors, participants, and customers derive from TRB

- Identify how TRB’s research results and products can get to customers faster
- Identify how TRB can further take advantage of technology to provide services and reach stakeholders
- Focus on how customers can more easily find information from and about TRB products
- Focus on how TRB research results can more effectively move to implementation
- Better evaluate and communicate the benefits derived from the results of TRB research
Research Convergence for a Multi-Modal Future
2016 International Conference & Workshop on Winter Maintenance and Surface Transportation Weather

- February 2016 – Online Conference with On-Demand Presentations
- April 25-27, 2016 In-person Workshop (Colorado)

Abstracts for the conference are due September 1, 2015.
