2016 Meeting Topics

San Antonio, Texas

- Bridge Deck Preservation
- Ties Between Inspection & Asset Management
- Preservation of Substructures in Severe Environments
- Bridge Preservation Research Needs
 - Half-day session to discuss preservation needs and agree on a few most common needs
 - NCPP has volunteered to help develop these research needs into needs statements.
 - A regional working group will most likely be needed to assist.

Treasury Balance

- The current treasury balance for the SEBPP is \$62,000.

SEBPP Activities

- The Board conducted monthly conference calls
- Planned the 2016 SEBPP meeting
- Monitored the status of AASHTO Voluntary Contributions and encouraged states to participate
- Monitored national training activities
- Monitored national research activities
- Fosters the development and progress of working groups
- Recently voted extend length of annual meeting

SEBPP Working Groups

- Working Group updates:
 - Bridge Performance Measures
 - Completed a survey of states regarding current use of performance measures
 - White paper of results to be published soon
 - Currently investigating workgroup next steps (national group?)
 - Planning Committee
 - Monthly meeting with Industry to plan 2017 meeting in West Virginia.
 - Recently voted to extend meeting to 2 ½ days.
 - Members participate in:
 - National Coatings Workgroup
 - TSP 2 Website Development
 - Participate in National Bridge Deck Preservation
 - Performance Specifications

SEBPP Future Meetings

- 2017 West Virginia
- 2018 National Meeting – all 4 Partnerships
- 2019 Tennessee
- 2020 ??
